REVENUE RULING.

LIVE STOCK YARDS, ETC., MUST PAY TAX ON SALES.

Internal Revenue Service, Second District of Virginia, Deputy Collector's Office, Norfolk, Va., May 1, 1899.

The Supreme Court of the United States has recently decided that Live Stock Yards are similar places to Exchanges or Boards of Trade, and every memorandum of sale made at such places is taxable for each \$100 of value, one cent; and for each additional \$100 or fractional part thereof in excess of \$100, one cent. Statements of all such transactions since July 1, 1898, should therefore be promptly made to this office for assessment, and all such future transactions properly stamped at time of sale.

You will please be governed accordingly.

Below find section of law referring to this matter.

Respectfully yours,

P. H. LARKIN, Special Deputy Collector.

Upon each sale, agreement of sale, or agreement to sell, any products or merchandise, or exchange, or board of trade, or other similar place, either for present or future delivery, for each one hundred dollars in value of said sale or agreement of sale or agreement to sell, one cent, and for each additional one hundred dollars or fractional part thereof in excess of one hundred dollars, one cent.

Provided, That on every sale or agreement of sale or agreement to sell as aforesaid there shall be made and delivered by the seller to the buyer a bill, memorandum, agreement, or other evidence of such sale, agreement of sale, or agreement to sell, which there shall be affixed a lawful stamp or stamps in value equal to the amount of the tax on such sale. And every such bill, memorandum, or other evidence of sale or agreement to sell shall show the date thereof, the name of the seller, the amount of the sale, and the matter or thing to which it refers; and any person or persons liable to pay the tax as herein provided, or any one who acts in the matter as agent or broker for such person or persons, who shall make any such sale or agreement of sale, or agreement to sell, or who shall, in pursuance of any such sale, agreement of sale, or agreement to sell, deliver any such products or merchandise without a bill, memorandum, or other evidence thereof as herein required, or who shall deliver such bill, memorandum, or other evidence of sale, or agreement to sell, without having the proper stamps affixed thereto, with intent to evade the foregoing provisions, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not less than five hundred nor more than one thousand dollars, or imprisonment for not more than six months, or both, at the discretion of the court.

CAPT. JOHN SMITH.

ANNIVERSARY CELEBRATION OF HIS LANDING, MAY 13, 1607.

The landing of Capt. John Smith on the site of Jamestown on May 13th, 1607, will be fittingly observed this year according to the custom of the past ten years.

There will be appropriate exercises by the faculty and students of William and Mary College, and a ball game between teams from the William and Mary College and Newport News, the latter nine being picked from the draughtsmen employed at the shipyard.

The Society for the Preservation of Virginia Antiquities will have prominent orators present, who will deliver appropriate addresses.

There will be excursions to Jamestown from Richmond, Petersburg, Norfolk, Portsmouth and Newport News. The steamer Vigilant will go from Norfolk and Portsmouth.

The celebration of this event was inaugurated about ten years ago by William and Mary College, and draws each year several thousand people.

STRAWBERRY SEASON.

SHIPMENTS NOW GOING FORWARD—GENERAL GOOD TRUCK PROSPECTS.

Strawberry picking in this section began practically on Monday last. On Monday a few crates were brought in for shipment, and yesterday quite a fair volume of fruit went North by boat and rail. With favorable weather there will be heavy picking during the coming week. Prospects indicate that there will be a large strawberry crop here this season.

The cabbage crop will probably be light, but the prospects for it are good. It will be a large crop of potatoes. The new crop of Southern potatoes is now bringing \$7.00 to \$9.00 per barrel, but this price will speedily decline as soon as the North Carolina and Virginia crop is put on the market.

The last of the spinach and kale crop was practically all shipped ten days ago. These crops were light this season on account of the very severe weather in the early part of the year.

It is believed that there will be good crops this year and that prices will be quite satisfactory on the whole.

SPECIAL EXAMINATION.

CANDIDATES FOR POSITIONS IN THE POSTOFFICE.

A special civil service examination was held at the postoffice building yesterday morning for clerical and carriers' positions. Thirteen applicants were examined, and their papers sent on to Washington.

Postmaster Waddy is making an effort to secure two more clerks and three additional carriers for the postoffice, the clerical force not being sufficient. Those of the applicants examined yesterday who pass will be at the head of the list, as there are no eligibles at present, with the exception of one or two. Of those examined five were applicants for clerks' places, three white and two colored, and eight for carriers' places, four white and four colored. All were from Norfolk except one, from Richmond.

They were examined by the Joint Examining Board, consisting of F. R. Henry, H. W. T. Wilkins, J. B. Peabody and B. R. Jordan.

An examination for messengers at the navy yards will be conducted by the board Tuesday. It is not known how many applicants there will be. These applicants formerly had to go to Richmond, but henceforth all examinations for Norfolk, Portsmouth and this section will be held here.

## HAVE YOU WEAK LUNGS?

Every Sufferer from Lung Weakness, Consumption, Asthma, Catarrh or Bronchitis Can Be Cured.

Complete FREE Course of Treatment Consisting of Four Preparations — The Slocum System —

Nearly everybody you meet will regard it as a kind of insult to be asked if they have weak lungs. All seem to have a solid faith in the soundness of their own breathing machine. In cases of trouble they will admit there is a "heavy cold," "a touch of bronchitis," or even "a spell of asthma," but as to weak or unsound lungs, never. NEVER. Even the poor consumptive, who scarcely speaks without coughing, whose cheeks are wasted, hollow and bear the hectic flush of doom, will assure you with glistering eyes that his cold is on the mend and he will be all right when the weather changes.

It is simply terrible to think how far we may be guilty by our indifference to the lung troubles of those near and dear to us. It is also a sad thought that we may hug a delusion as to our own health that we only get rid of when life itself must pay the forfeit.

Nobody can afford to think lightly of lung troubles. Nobody can afford to be mistaken about their possible dangers. Nobody can afford to neglect them, or "let them wear out," or "get better in the spring," or any other tomfoolery that leads only to wreck and ruin. Lung troubles don't move backward. Weak lungs don't grow strong by themselves—you must heal them and strengthen them, and rid them of the very earliest germs of disease, or you are simply committing a form of suicide. Either you must cure your

lung troubles or THEY WILL KILL YOU. That's the whole situation in a nutshell.

Never was there a cure for lung troubles equal to the newly-discovered Dr. Slocum treatment. This forms a system of Four Remedies that are used simultaneously and supplement each other's curative action. It cures weak lungs, bronchitis, asthma, coughs, consumption and every other ailment of the pulmonary region. It destroys every germ that can affect the respiratory system, and even in advanced stages of lung trouble positively arrests the tubercular growth, while it also builds up the patient so that his system is enabled to throw off scrofula, rheumatism, catarrh, and other wasting diseases.

Thousands of cured cases already prove these claims. Thousands of grateful people bless the discovery.

The Doctor wants everybody to know the surprising merits of his system. He has arranged to give a free treatment (Four Preparations) to all sufferers. Full instructions for use accompany each treatment.

WRITE TO THE DOCTOR. Write at once to Dr. T. A. Slocum Laboratories, 66 and 68 Pine Street, New York City, giving full express and postoffice address, and mention this paper. Delay only makes your trouble worse.

Crown work converts a decayed and useless root into a serviceable, handsome, and durable tooth by adjusting a suitable cap, or crown. Bridge work inserts artificial teeth where several are missing, without the use of a plate, attaching the tiny, light denture delicately, yet firmly, to the points of fastening and restoring the most natural effect and efficiency. In this work our experience, skill, and superior mechanical facilities help us to excel. We'll gladly give you evidence and prove the merit of our work by showing you facsimiles of many of our cases.
